PROFESSIONAL SUMMARY

Computer Science undergraduate specializing in AI/ML with strong frontend development skills. Experienced in building responsive web applications using React.js, JavaScript, and modern CSS frameworks. Proficient in UI/UX design using Figma and translating designs into pixel-perfect code. Solid foundation in Data Structures and Algorithms with C++ programming. Passionate about creating user-centered digital experiences and solving complex problems through clean, efficient code.

TECHNICAL SKILLS

Frontend: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design
Languages: JavaScript, C++, Python, Java, C
Design & UI/UX: Figma, User Interface Design, User Experience Design, Responsive Design
Tools & Libraries: Git, GitHub, Visual Studio Code, Vite, npm, shadcn/ui, Framer Motion
Core CS: Data Structures, Algorithms, Object-Oriented Programming, API Integration

EDUCATION

Bachelor of Technology in Computer Science Engineering   **Aug 2024 – May 2028**
(Artificial Intelligence and Machine Learning)
GSSS Institute of Technology for Women, Mysuru, Karnataka
Relevant Coursework: Data Structures and Algorithms, Web Development, Object-Oriented Programming

PROJECTS

ResumeBot – AI-Powered Resume Generator
Tech Stack: React.js, JavaScript, Tailwind CSS, Gemini API
Links: GitHub | Live Demo
- Built conversational AI chatbot for automated resume generation using React.js and Gemini API
- Integrated natural language processing for collecting user data and generating professional resumes
- Designed responsive UI with Tailwind CSS and implemented cross-browser compatibility
- Deployed production application on Vercel with optimized performance and multiple format support

Craft – UI/UX Portfolio Platform
Tech Stack: React.js, Tailwind CSS, Figma, shadcn/ui, Framer Motion
Link: GitHub
- Developed responsive portfolio platform showcasing frontend and UI/UX design projects
- Implemented smooth animations with Framer Motion for enhanced user experience
- Created component-based architecture with maintainable code structure
- Designed user interfaces in Figma and translated designs into pixel-perfect web components

ACHIEVEMENTS & CERTIFICATIONS

- Introduction to Cybersecurity – Cisco (November 2024)
- Prompt Design in Vertex AI Skill Badge – Google Cloud (August 2024)

- Python Essentials 1 – Cisco Networking Academy (June 2024)

ADDITIONAL INFORMATION

Problem Solving: Strong foundation in Data Structures & Algorithms, competitive programming mindset

Development Practices: Version control workflows, collaborative coding, debugging, and project deployment

Languages: English (Fluent), Hindi (Native)

Interests: Frontend Development, UI/UX Design, Problem Solving, Artificial Intelligence
